

# Safe and Effective Disinfecting Worksheet

• Our program uses this product to disinfect: \_\_\_\_\_.  
(write name of product)

• We use a disinfectant for toilets, diaper changing tables, and after cleaning up blood.

• The product has an EPA registration number on the label.  yes  no

• The product label says:

--The product is ready to use.  yes  no

or

--The product needs to be mixed with water.  yes  no

• This much of the product \_\_\_\_\_ is mixed with this much \_\_\_\_\_ water.

• The product is mixed fresh daily.  yes  no

• We clean the surface of dirt, debris and sticky film with soap and rinse with water before using the disinfectant.

yes  no

• The product stays wet on the surface for this long \_\_\_\_\_.

We don't use the disinfectant around children, and we keep it out of children's reach.
